In other words, if a son is a person's child, he is also a person's child collectively. In some cases, however, the word "son" may be used to mean a man's child. A similar expression for meaning "daughter of" is "daughter". One can easily say that a son is a "fortunate man" or a "blessed man" referring to the authority he holds in his home as a husband. The word "son" is also used in the sense of "son-in-law" a man who is married into a family. A woman, too, is called "daughter of" or "daughter" when she is married to a man and they have the same brother or father. Both brothers and sisters have the same father, so they are called "brothers" or "sisters". The word "son" may be used to mean a man's child or a man's child collectively.
